

JURYS INN

At Jurys inn Aberdeen, a strict environmental policy is in place as part of the hotel's contribution to protecting the environment, in which we are committed to sound environmental practices in all areas of the business.

We separate and recycle newspapers, office papers, organic waste, cardboard, glass, batteries, fluorescent and long life bulbs and have a target to divert 70% of our waste from landfill to recycling over the next 12 months.

We use only the most environmentally acceptable cleaning products free from phosphates have been eliminated and packaging is minimised.

We are actively pursuing the reduction of water usage in our bedrooms and washrooms.

We are working with suppliers who have good environmental policies to reduce packaging waste and improve the environmental impact of all products purchased.

We have joined Green Tourism Business Scheme as an indicator of our sustainable practices.
