### **Jurys Inn Cork Environmental Policy**

At Jurys Inn Cork, a strict environmental policy is in place as part of hotels contribution to protecting the environment. We are committed to sound environmental practices in all areas of the business. We separate and recycle newspapers, office papers, organic waste, cardboard, glass, batteries, fluorescent and long life bulbs and have a target to divert 70% of our waste from landfill to recycling over the next 12 months.

We use only the most environmentally acceptable cleaning products where phosphates have been eliminated and packaging is minimised. We are actively pursuing the reduction of water usage in our bedrooms and washrooms.

We are working with suppliers who have good environmental policies to reduce packaging waste and improve the environmental impact of all products purchased.

### **Let Us Know How We're Doing... Your Feedback Is Important!**

We as a company have made considerable steps to become more eco-friendly in how we do business. We look closely at environmental issues with our suppliers and ground work has been made in reducing our carbon footprint. Many suppliers are sourced locally with minimum Co2 emissions and less frequent deliveries. Also Jurys Inn Cork has adopted sustainable energy with our electricity supply being harvested from wind farms operated by Airtricity.
