

GREEN POLICY

At Jurys Inn Chelsea, we are committed to sound environmental practices in all areas of the business and are continuously seeking to improve our environmental and social performance. With the aim of becoming a ‘Green Hotel, while delivering great customer service.

We are undertaking the following actions in order to achieve this:

- **We separate and recycle newspapers, office papers, cardboard, glass, batteries, fluorescent and long-life bulbs and have a target to divert 75% of our waste from landfill to recycling over the next 12 months.**
- **We are actively pursuing the reduction of energy and water throughout the hotel. And have set ourselves targets we hope to exceed.**
- **We raise the awareness, encourage participation and train all employees in sustainable business practices.**
- **We are working through head office with suppliers who have good environmental policies to reduce packaging waste and improve the environmental impact of all products purchased.**
- **We have joined the Green Tourism Business Scheme as an indicator of our sustainable practices.**

We would like to ask you to help us – the ‘Green Folder’ located at reception has suggestions on what you can do to be a greener visitor.
