

Jurys Inn Environmental Policy

At Jurys Inn Custom House, a strict environmental policy is in place, in which we are committed to sound environmental practices in all areas of the business.

We separate and recycle newspapers, office papers, organic waste, cardboard, glass, batteries, fluorescent and long life bulbs and have a target to divert 70% of our waste from landfill to recycling over the next 12 months.

We use only the most environmentally acceptable cleaning products from which phosphates have been eliminated and packaging is minimised.

We are actively pursuing the reduction of water usage in our bedrooms and washrooms.

We encourage participation and train employee's sustainable business practices and assist customers to use products and services in an environmentally sensitive way

We are a member of Repak and are working with suppliers who have good environmental policies to reduce packaging waste and improve the environmental impact of all products purchased.

Please help us reduce our carbon footprint.

What you can do.....

- Switch off lights when not in use or when leaving the room
- Turn OFF Television when not in use (not on standby)
- Only boil enough water in the kettle for the amount of hot water that you need
 - Do not leave taps running
- Leave recyclable items outside the bin for recycling – newspapers, magazines, paper, cardboard, glass bottles, batteries, hangers.
- Place used towels on the bathroom floor if you require them to be replaced, if not, please leave them hanging on the rail
