

Environmental and Social Responsibility Policy

At Jurys Inn Manchester we have a strict environmental policy in place as part of the hotel's contribution to the environment. We are committed to sound environmental practices in all areas of the business. We want to respect and actively engage with our environment and become a leader in "green business practice".

In order to achieve these goals we are taking the following actions.

- We have joined the Green Tourism Business Scheme
- We comply with environmental legislation and codes of practice
- We are actively monitoring and reducing the use of water and energy
- We are actively monitoring and reducing our pollution and waste
- We are recycling newspapers, office papers, cardboard, glass, batteries, printer cartridges, plastic, cans and cooling oils
- We are training our employees to be energy and environment aware
- We are providing environmental information and activities for our guests
- We are using suppliers and contractors with a similar environmental policy
- We use locally sourced food wherever possible
- Our cleaning products are now more environmentally friendly and reduce waste

If you have any questions or would like to join us on our Green Mission, please ask any of our friendly staff or visit the Green display stand on our Reception desk.
