

## Jurys Inn Environmental Policy

At Jurys Inn Newcastle, a strict environmental policy is in place, in which we are committed to sound environmental practices in all areas of the business.

We separate and recycle newspapers, office papers, organic waste, cardboard, glass, batteries, fluorescent and long life bulbs and have a target to divert 70% of our waste from landfill to recycling over the next 12 months.

We only use acceptable cleaning products from which phosphates have been eliminated and packaging is minimised.

We are actively pursuing reduction of water usage in our bedrooms and washrooms.

We are working with suppliers who have good environmental policies to reduce packaging waste.

**Please help us reduce our carbon footprint.**

### **What you can do.....**

Do not leave key in power block so the electricity will automatically switch off after 2 minutes.

Turn OFF television when not in use (not on standby).

Only boil enough water in the kettle for the amount of hot water needed.

Leave recyclable items outside the bins for recycling – newspapers, magazines, paper, cardboard, glass bottles, batteries, hangers.

Place used towels in the bathroom floor if you require them to be replaced, if not, please leave them hanging on the rail.
