

RESPONSIBLE VISITOR CHARTER

What you can do to save the planet

At Jurys Inn Birmingham we are working towards becoming a more environmentally friendly and sustainable hotel.

By following our **Responsible Visitor Charter**, you can help us with our goal of protecting the environment. Here are some ways in which you can help:

1. **Save Energy** - Switch off lights when their not in use. Remove key cards from the wall when leaving the room.
2. **Use alternative transportation** – Walk, cycle or use public transport when travelling locally. For public transport please visit www.traveline.org.uk For walking options please visit www.walkit.com/cities/birmingham/
3. **Reduce, Reuse, Recycle** – We are currently working towards reducing our waste to landfill. Please help us to recycle all plastic, cardboard and newspapers from the rooms. For further information please contact our staff.
4. **Provide feedback** – Please provide us with feedback on how we can make improvements in saving the environment.
5. **Protect the natural environment** – Please do not litter, Broad Street has increased the amount of bins for public use.
6. **Be water wise** - Make sure taps are switched off when you have finished using them. Do not leave taps running unnecessarily. Have showers not baths. Also do not flush any inappropriate objects down the toilet
7. **Support Green tourism Businesses** – The Jurys Inn Group is working towards the Green tourism Business Scheme (GTBS) award in 2009. For more information on this scheme please go to www.green-business.co.uk

We hope you will enjoy your stay here at Jurys Inn Birmingham. If you have any further comments or suggestions please let us know.
