

ENVIRONMENTAL POLICY

At Jurys Inn Southampton, a strict environmental policy is in place as part of the hotels contribution to protecting the environment, in which we are committed to sound environmental practises in all areas of our business.

We separate and recycle newspapers, office papers, organic waste, cardboard, glass, batteries, fluorescent & long life bulbs and have a target to divert 70% of our waste from landfill to recycling over the next twelve months.

- We use only the most environmentally acceptable cleaning products from which phosphates have been eliminated or minimised and packaging is minimal.
- We are actively pursuing the reduction of water usage in our bedrooms, bathrooms and washrooms.
- We are working with suppliers who have good environmental policies to reduce packaging waste and improve the environmental impact of all products purchased.

HERE ARE SOME WAYS IN WHICH YOU CAN HELP:

- Do not leave taps running unnecessarily.
- Leave your newspapers, bottles & cans on the case rack for recycling.
- Place used towels in the bath if you require them to be replaced, if not, please leave them hanging on the rail.

THANK YOU....."We all have our part to play in caring for the environment"
